Consider Designated Alternates

Voting members may appoint a designated alternate to represent them. If a member doesn't have one, it was encouraged to nominate one. For those voting members who were reappointed, they may continue to use the alternate that is already in place.

Consider Planning Group Executive Committee

The Executive Committee consists of the Chair, Vice Chair and Secretary, plus two at large members. The two current at large executive committee members are Stephen Brown and Richard Gist. A motion was made by Charles Hagood and seconded by Merle Taylor to reappoint the executive committee. Motion passed unanimously.

Consider the City of San Angelo as the Designated Political Subdivision for Region F

San Angelo volunteered to serve as the interim Designated Political Subdivision at the last meeting so the planning grant applications could be submitted. San Angelo has agreed to continue to serve as the Designated Political Subdivision for the next round of planning. A

motion was made by Merle Taylor and seconded by Stephen Brown to make San Angelo the Designated Political Subdivision for Region F. Motion passed unanimously.

Consider the Selection of the Planning Consultant

John Grant stated that proposals had been solicited for a consultant for the fourth round of regional water planning. One response was received, that being Freese and Nichols. Motion was made to accept the proposal from Freese and Nichols and authorize the designated political subdivision to execute a contract with the firm was made by John Shepard and seconded by Tim Warren. Motion passed unanimously.

Texas Water Development Board Update

Angela Kennedy reported that there is currently about \$3.6 million available to all 16 regions for the next round of planning. Region F will receive \$206,234 from the initial allocation. An additional \$6.2 million will become available after September 1 for regional planning. Ms. Kennedy also reported that a bill passed in the last legislative session that will require regions include a representative from Groundwater Management Areas as a voting member on the Board.

Public Meeting to Solicit Comments on the Region F Scope of Work

Simone Kiel with Freese and Nichols presented an overview of the regional water planning process and that the state is now entering the fourth round of regional planning.

There will be two phases in this next round of planning. Phase I of the plan will be done with current funding authority and Phase II will address the issues identified in the first phase.

Phase I work will consist of:

- Updating population estimates
- Updating water demands
- Reviewing available water supplies
- Determine water supply needs

Phase II will address:

- Strategies to meet water supply needs
- Develop cost estimates for implementing strategies
- Identify funding opportunities
- Update region description
- Update unique stream and reservoir sites
- Compile legislative recommendations

John Grant opened the discussion to comments from the public. There were no oral or written comments presented on the proposed scope for the regional plan. The public meeting on the scope of work was closed.

Board members discussed issues that need to be considered during the development of the regional plan; coordination with Region K (LCRA) on subordination in Region F, in-stream flow requirements, water availability such as reservoir yields. A motion was made by Len Wilson and seconded by Merle Taylor that the designated political subdivision be authorized to submit the scope to the TWDB and enter into a contract with the State for the regional water plan. The Executive Committee will review for concurrence the scope if there are any significant changes. The motion carried unanimously.

Public Comments and Discussion

Paul Weatherby presented information on the history of wells and water levels in Pecos County. He stated that this information may be obtained for other areas from State sources.

Next Meeting Date

The next meeting date will be at 10:30 a.m. on the third Thursday of the month, most likely in December or January.

Adjourn

There was no further discussion and the meeting adjourned at 12:15 p.m.
