

Agenda Item 6g. Consider Approval of Request for TWDB to Conduct Socio-Economic Study

Per 31 TAC §§357.33(c) and 357.40(a) the RWPG is required to conduct a socioeconomic impact analysis of not meeting identified water needs for inclusion in the 2021 Regional Water Plans. The TWDB is available to perform this analysis, but only at the RWPG's request. This agenda item is to consider approval of a letter to request that TWDB carry out the socio-economic impact analysis.

Re: Request for Socio-Economic Analysis for Region F

Dear Mr. Walker:

Region F respectfully requests the Texas Water Development Board (TWDB) to conduct the socioeconomic impact study of the Region F water needs. It is our understanding that per 31 TAC §§357.33(c) and 357.40(a) the socioeconomic impacts analysis of not meeting identified water needs must be included in the 2021 Region F Water Plan. The TWDB has stated that they are willing to conduct this analysis at the request of the regions. Region F understands that the TWDB analysis will use data contained in the state database (DB22) as of May 31, 2019, and this analysis will be completed by December 2019.

The Region F Water Planning Group considered and acted to approve this request at their November 15, 2018 RWPG meeting.

If you have any questions on our request, please call me at (432) 267-6341.

Sincerely,

John Grant
Region F Chairman
